Nagercoil , Tamilnadu . pincode : 627114

SUMMARY

Computer Science graduate with practical experience in AI engineering and workflow automation. Skilled in building agentic AI systems using n8n and integrating APIs for real-world use cases. Possess working knowledge of data analytics, data engineering concepts, and DevOps fundamentals. Focused on building scalable, efficient, and production-ready solutions.

TECHNICAL SKILLS

- Data Analytics: **Power BI, Excel, Python, SQL**
- Programming: **JAVA**, **SQL, PYTHON**
- Web Development: **HTML, CSS**
- Automation : **N8N & Zapier**
- DevOps : **AWS , Docker & Jenkins**
- Databases **:MYSQL,MongoDB,PLSql & PGadmin**

EXPERIENCE

AI Automation Engineer GENLAB MAY 2025 - PRESENT

- Designed and deployed agentic AI workflows using LLMs for task automation.
- Built multi-step automation pipelines using n8n for client operations.
- Integrated APIs, webhooks, and third-party services for real-time data flow.
- Implemented prompt engineering and response validation for reliable AI outputs.
- Reduced manual operational effort through AI-driven automation systems.

Data Engineer GenLab

- Built and maintained ETL pipelines for structured datasets.
- Supported data warehouse updates and monitoring.
- Automated internal workflows to reduce manual effort.

Data Analyst GenLab

- Detail-oriented Data Analyst with experience in data cleaning, statistical analysis, and dashboard reporting using SQL, Excel, and Python.
- Skilled in transforming complex data into actionable insights to drive business decisions

INTERNSHIP EXPERIENCE

- **TANSAM SIMENS** MAR 2024 – APR 2024
- Role : **Data Analyst Intern**
- Cleaned and validated data to ensure accuracy and completeness.
- Applied statistical methods to analyze trends and patterns in datasets.

EDUCATION

Bachelor of Computer Science & Engineering | **2022 – 2025**
Panimalar Engineering College, Chennai | CGPA **79.6**

Diploma in Electrical & Electronics Engineering | **2019 – 2022**
Cape Polytechnic College, Aralvoimozhi | CGPA **86.7**

PROJECTS

AgriSafe: Blockchain and AI for Transparent Land Registration
• Built AgriSafe, a secure, tamper-proof system for clear and trustworthy agricultural land records.
Inventory Management Website
• Designed a simple, tidy interface with HTML and CSS.
• Used MySQL to manage and store data.
